

ACTIVE TAMESIDE

ROOFTOP FITNESS FACILITY

BeaverFit was challenged to create a bespoke outdoor fitness facility, comprised of multiple strength training units, storage containers and rigs that would suit all fitness abilities.

Featuring expertly crafted outdoor gym equipment from BeaverFit, the rooftop space is truly inspiring the outdoor workout experience while offering a rooftop oasis of calm, relaxation and sensory stimulation.

This facility encompasses a variety of bespoke outdoor rigs and two Shred Shed storage containers, custom branded to suit the desired brand aesthetic and galvanised for durability and reliability throughout all elements.

“WE’VE BEEN PAINED TO ENSURE THAT ALONG THAT 100M ROOFTOP, THERE IS SOMETHING FOR EVERYBODY. WHATEVER YOUR AGE WHATEVER YOUR FITNESS, WHATEVER YOUR ABILITY, YOU’LL FIND HARD CORE HEAVY RACKS AT ONE END AND THE SERENITY OF A SENSORY GARDEN THE OTHER - WITH EVERYTHING IN BETWEEN.”

Chris Rushton

CEO, Active Tameside
