

BE MILITARY FIT 5FT MOBILE LOCKER

BeaverFit partnered with outdoor fitness and bootcamp providers Be Military Fit as their equipment providers, and one of their initial requests was a portable, road legal container gym solution.

Throughs meticulous design and requirement, we adhered to requests and adapted our 5FT Mobile Performance Locker to create the BMF Mobile Training System.

Road legal and fully equipped with integrated rigging, accessories and attachments, this transportable container gym solution has become a staple piece for BMF Franchisees and coaches, offering them the ability to broaden their client reach and relocate their PT business.

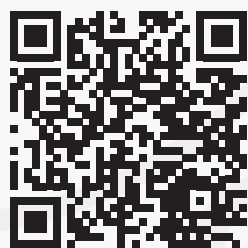

**“STRONG AND VERSATILE,
THERE’S POWER IN
PARTNERSHIPS AND WE
ARE PROUD TO PARTNER
WITH BEAVERFIT AS OUR
EQUIPMENT PROVIDERS.”**

Ivan Rowlatt

Director, Human Performance
