

CASTLE POINT LEISURE BESPOKE INDOOR FACILITY

The Castle Point Leisure Health Club wanted to completely renovate their almost unused squash courts. They required a multifunctional studio that offered custom branded racks, a wall mounted rig and a boxing station. After going to public tender, BeaverFit were the desired contender, demonstrated through advanced designs and notable capability.

The Fort was designed to enable Castle Point Leisure to offer fitness classes in an open area space with multifunctional zones.

BeaverFit's robust and durable equipment represented their desired aesthetic perfectly. The area space comprised of an open gym floor encased by integrated and free-standing rigs and racks, all custom branded to best represent the clients desired design.

Since opening The Fort, Castlepoint has seen a rise in new members and a level of security in retaining their current gym goers. Demonstrating the key benefits of advancing your dated and otherwise unused facilities,

BENEFITS + FEATURES

- ✔ Custom branded to suit desired aesthetic
- ✔ Sports training areas
- ✔ Multiple stations for group training
- ✔ Available space for climbing wall + rope towers
- ✔ Stable infrastructure

“WE’VE SIGNED UP SO MANY MORE CLIENTS SINCE ENHANCING OUR SPACE. ABSOLUTE NO BRAINER, IT’S JUST BRILLIANT.”

Josh Fairbairn.
