

HOME GYM SET-UP

MODEL X RIG

After competing on 'Celebrity SAS Who Dares Wins' for Stand Up To Cancer, Jeff Brazier reached out to the team at BeaverFit UK after seeing our range of fitness products and what we do as a company. His experience the show taught him that he was capable of pushing himself further than he ever thought was possible, which is what we strive for here at BeaverFit UK in "creating what does not yet exist".

The Model X Rig is our smallest rig here at BeaverFit. Made up of multiple fitness stations, this particular solution is suitable for a home gym or as an outdoor contribution to any commercial fitness environment.

These durable and versatile Outdoor Rigs are built to last with our custom galvanised powder coatings, giving all year round protection from the elements.

BENEFITS + FEATURES

- ✓ Galvanised + weatherproofed
- ✓ Fully customisable with up to 6 colours for bespoke powder coating
- ✓ Made of 5mm steel, thicker than the industry standard
- ✓ Built to last
- ✓ Stable + durable infrastructure
- ✓ Multiple areas for attachments

"THERE'S JUST SO MANY EXERCISES I CAN DO ON IT, IT'S A REAL ASSET AND I SEE IT AS A REAL PRIVILEGE TO HAVE THIS AND I JUST KNOW IT SAFEGUARDS MY FAMILIES HEALTH AND THAT FOR ME IS MASSIVE, WHAT IS MORE IMPORTANT THAN THAT."

Jeff Brazier
