

LONGMOOR TRAINING CAMP BEAVERDOME

The British Army has always been at the forefront of innovation and development when it comes to enhancing the physical training and overall readiness of its soldiers. The latest addition to their arsenal is the BeaverFit BeaverDome, a state-of-the-art facility designed to revolutionise the training experience.

The BeaverDome at Longmoor Training Camp, coupled with the bespoke outdoor training rig, offers a diverse range of training options with the fully customisable interior. Utilising a range of equipment from BeaverFit Beast Racks, pull-up bars, sleds, climbing ropes, and a custom track, the soldiers can engage in a variety of challenging exercises that target strength, agility, endurance. This versatility ensures that soldiers can adapt to the physical demands of real-world scenarios effectively.

The BeaverDome and outdoor training rig have been meticulously designed to provide soldiers with the means to engage in rigorous physical training, offering a wide range of challenging exercises and functional training equipment that target various aspects of fitness, ultimately leading to improved overall physical preparedness and enhanced combat effectiveness for our troops.

BENEFITS + FEATURES

- ❖ Modular internal structures + storage
- ❖ Sized + scaled to budgetary requirements
- ❖ Fully customisable

“THIS IS ONE OF 41 WE’VE BUILT, AND THIS IS PROBABLY THE QUICKEST, SO I’M REALLY PROUD OF THIS ONE. I THINK THE USE OF THE ISO CONTAINERS HAVE GREAT UTILITY BECAUSE THEY’RE GOING TO LAST A LONG TIME, BUT YOU CAN ATTACH EQUIPMENT ON THE INSIDE AND THE OUTSIDE. YOU CAN TURN THEM INTO STORES, YOU CAN TURN THEM INTO CLASSROOMS, YOU CAN TURN THEM INTO ANYTHING YOU NEED. SO THEY HAVE GREAT UTILITY.”

Major Brian Dupree
Headquarters Field Army
