WHO WE ARE

Creator of the world's first fully functional containerised gym, BeaverFit is the leading global manufacturer of outdoor fitness equipment and training solutions. With a commitment to product excellence through cutting edge design and manufacturing processes, BeaverFit create innovative fitness equipment that provides a wide range of human performance training functionalities with industry leading durability for use in any outdoor environment.

Since 2010, BeaverFit has been the leading supplier of container gyms and outdoor fitness solutions to the U.S. and UK militaries, and continues to innovate and enhance both indoor and outdoor facilities for corporations, commercial gyms, universities, sports clubs and individual users.

In 2015, the industry saw the introduction of BeaverFit Special Operations Equipment (SOE), a sister company to BeaverFit Ltd, supplying sought after and unique Special Operations Equipment, from Training Towers through to Live Fire Shoot Houses. The BeaverFit SOE client base includes the UK MOD, Foreign Commonwealth Office, NATO, European Armed Forces, Royal Marines, Special Forces, US Armed Forces and more.

Our solutions are manufactured to the highest of standards, exceeding all expectations. This methodology is at the heart of what we do, and represents the very foundation of which the company has been built.

"We create what does not yet exist"

BeaverFit originated from a family of Steel Fabricators, specialising in the industry since 1947.

In 2006, Tom Beaver built a robust and innovative rig to train for the Arch challenge, made entirely from materials used by the family business.

Tom Beaver successfully introduced his product of excellence to the military. Thus, the birth of BeaverFit and further development of innovative products and fitness solutions - dominating the industry since 2010.

Co-founders, Tom and Jim Beaver further developed the product line to introduce the worlds first ever container gym solution - the FOB Locker. Since 2012, over 500 of these solutions have been deployed around the UK and Europe.

In 2015, the industry saw the introduction of BeaverFit Special Operations Equipment (SOE), a sister company to BeaverFit Ltd, supplying sought after and unique Special Operations Equipment, from Training Towers through to Live Fire Shoot Houses.

BeaverFit UK joined forces with two veterans from the USA, forming our sister company BeaverFit North America LLC and imminently winning their first contract with the U.S Marine Corps to supply 300 FOB Lockers.
