WHO WE ARE

Creator of the world's first fully functional containerised gym, BeaverFit is the leading global manufacturer of outdoor fitness equipment and training solutions. With a commitment to product excellence through cutting edge design and manufacturing processes, BeaverFit create innovative fitness equipment that provides a wide range of human performance training functionalities with industry leading durability for use in any outdoor environment.

Since 2010, BeaverFit has been the leading supplier of container gyms and outdoor fitness solutions to the U.S. and UK militaries, and continues to innovate and enhance both indoor and outdoor facilities for corporations, commercial gyms, universities, sports clubs and individual users.

In 2015, the industry saw the introduction of BeaverFit Special Operations Equipment (SOE), a sister company to BeaverFit Ltd, supplying sought after and unique Special Operations Equipment, from Training Towers through to Live Fire Shoot Houses. The BeaverFit SOE client base includes the UK MOD, Foreign Commonwealth Office, NATO, European Armed Forces, Royal Marines, Special Forces, US Armed Forces and more.

Our solutions are manufactured to the highest of standards, exceeding all expectations. This methodology is at the heart of what we do, and represents the very foundation of which the company has been built.

"We create what does not yet exist"

Tom Beaver
Managing Director
BeaverFit Ltd

BREACHING SOLUTIONS

SPECIAL OPERATIONS EQUIPMENT

SPECIAL OPERATIONS EQUIPMENT

BEAVERFIT BREACHING SOLUTIONS are Simulative Training Facilities with a variety of components; breaching, fast-rope/ rappelling towers and multi-level buildings with assisting elements such as balconies, access windows and climbing walls. These are complex breaching facilities that cover all MOE/EMOE training objectives.

Partnered with SET Breaching Tools, our capabilities span across manual, mechanical, hydraulic, exothermic, ballistic, and explosive methods of entry.

OUR BEAVERFIT FACILITIES ARE SCALABLE OVER BUDGETARY CYCLES.

KEY BENEFITS

- Full Range Of Breaching Capabilities
- Realistic Breaching Scenarios
- Scalable Facility Over Budgetary Cycles
- Full Range Of Set Breaching Doors + Windows
- Breaching Accessories Available
- Training Courses Offered Externally

DETAILS

- Bespoke To Unit Requirements
- Easy To Deploy
- 10ft + 20ft ISO Container Options
- No Requirement Of Anchors Or Groundworks
- Power Options Available

METHOD OF ENTRY LOCKERS (MOE)

The BeaverFit Method of Entry Locker is comprised of units that utilise MOE with significant variations. As such, we have created a number of different bespoke breaching lockers that demonstrate both height and component variations.

Our capabilities span from manual, mechanical, hydraulic, exothermic, ballistic, and explosive methods of entry.

SET BREACHING TOOLS

Our partners at Sweden Entry Tools (SET) are committed to meeting and overcoming the challenges presented to the user when 'easy entry' is not an option. Our combined years of operational police experience in breaching has resulted in the development of elite breaching equipment and training.

BREACHING HOUSES

Breaching Houses were created as a fit for purpose simulative training solution with a variety of elements, such as; direct and subliminal breaching areas, fast rope/rappelling towers, multi-level buildings with balconies, access windows and climbing walls.

These are complex breaching facilities that cover all MOE/EMOE training objectives.

BeaverFit originated from a family of Steel Fabricators, specialising in the industry since 1947.

In 2006, Tom Beaver built a robust and innovative rig to train for the Arch challenge, made entirely from materials used by the family business.

Tom Beaver successfully introduced his product of excellence to the military. Thus, the birth of BeaverFit and further development of innovative products and fitness solutions - dominating the industry since 2010.

Co-founders, Tom and Jim Beaver further developed the product line to introduce the worlds first ever container gym solution - the FOB Locker. Since 2012, over 500 of these solutions have been deployed around the UK and Europe.

In 2015, the industry saw the introduction of BeaverFit Special Operations Equipment (SOE), a sister company to BeaverFit Ltd, supplying sought after and unique Special Operations Equipment, from Training Towers through to Live Fire Shoot Houses.

BeaverFit UK joined forces with two veterans from the USA, forming our sister company BeaverFit North America LLC and imminently winning their first contract with the U.S Marine Corps to supply 300 FOB Lockers.

**7+ YEARS
IN BUSINESS**

BeaverFit's Special Operations Equipment (SOE) is an innovative evolution of our Human Performance solutions.

**MADE IN
AUSTRALIA**

Using our partner on the Gold Coast, we manufacture solutions to the highest of standards, exceeding all expectations.

**30+
INNOVATIVE
SOLUTIONS**

Consisting of Lockers, Rigs, Towers and Villages, our SOE line creates modular and portable training centres for the mission essential tasks of forced entry/breaching, tactical fitness, urban warfare and more.

**GOVERNMENT
APPROVED
FACILITIES**
