20’ MOBILE TRAINING GYM

BEAVER FIT
DAM STRONG

AUSTRALIAN MADE

THE 20’ MOBILE TRAINING GYM is a fully deployable, containerised training system designed to enhance force readiness, resilience and operational performance.

Built for Defence, the MTG enables personnel to train in the environments they operate in—on base, in the field, or in remote locations—ensuring continuity of physical conditioning without reliance on fixed infrastructure.

20’ MOBILE TRAINING GYM

INTEGRATED STORAGE

RIGGING STORED

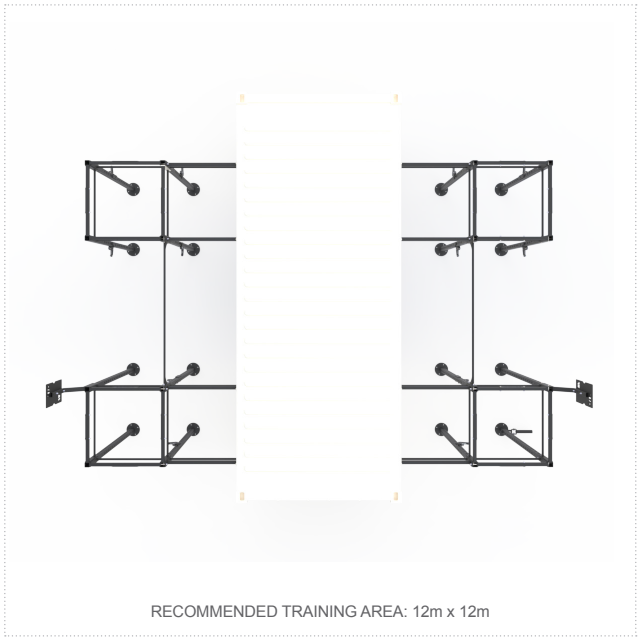

SHELVES MOUNTED

OPERATIONAL CAPABILITY

Turn a secure container into a fully functional training environment in less than 2 hours, enabling rapid establishment of physical training capability wherever required.

RECOMMENDED TRAINING AREA: 12m x 12m

KEY FEATURES + BENEFITS:

+ Integrated storage and external rigging
+ Supports individual or team-based training
+ Reduces reliance on fixed gym infrastructure
+ Engineered for durability and performance: designed to withstand harsh climates and high operational use
+ Aligned to Defence Physical Employment Standards

SCALABLE TRAINING CAPABILITY:

+ Strength and power development
+ Combat conditioning
+ Load carriage preparation
+ Team-based physical training
+ Injury prevention and rehabilitation

SOVEREIGN CAPABILITY + SUPPORT:

Delivered through an Australian-based supply and support model, ensuring reliable delivery, sustainment and ongoing support. Optional training packages provide personnel with the knowledge and framework to maximise capability and sustain outcomes over time.
